# NKS CLUBS

## What clubs do we offer at NKS?

All clubs, whether extra-curricular or not are essential in helping our students to build friendships, develop skills and boost confidence. We pride ourselves on the variety of activities that we have to offer, and this year is no exception. The next two pages outline a comprehensive list of activities that NKS are offering this next academic year.

## What happens now?

Once you have identified a club that is of interest to you, go along and give it a try. If you like the sound of a club which is by invitation only, then please contact the member of staff listed and discuss your interest in joining. Staff list can be seen below.

## Updates?

Inevitably, more clubs will be created throughout the year, many of which are typically student led. Remember to check for any updates on the 'Clubs' notice board in the science corridor.

# Student led & External Clubs

## Student-led clubs

If you are interested in running your own club, then please speak to your SSM who will then pass on the information or put you in contact with Mr Barnes. Please note, while we try to accommodate all student led clubs, they still require supervision by a member of staff, something we cannot always guarantee.

## Externally-led clubs

At various times of the year, we do offer new/different clubs which are led by external companies. Keep an eye on the clubs' display board (located along the science corridor), to see any of these updates.
