NAME:..... PROJECT:..... DATE:.....

AO1	I have a minimum of 2 artists studied in this project.	Red	Yellow	Green
	I have analysed the artists' work thoroughly, showing that I have understood context/composition/use of formal elements/process-technique & mood.			
	I have a bibliography on my artist sheets to show books/websites used for info			
	My work clearly shows how the artists have influenced and informed me			
	I have explored my ideas in a variety of interesting ways.			
	I have explored/experimented with compositional options for my final piece.			
	I have neatly presented enough of my work to demonstrate clearly the journey I have been on with my development of ideas.			
	I have included images that I have used for inspiration in my work			
AO2	I have been able to use my artists' techniques/processes within my own work.	Red	Yellow	Green
	I have explored my ideas through a broad range of media and techniques			
	I have explored and refined my use of media/techniques so that I can select the most appropriate to enable me to realise my intentions for the final piece.			
	I have combined my artists' techniques/styles within my own work.			
AO3	I have evidence of strong drawing with good tonal range and DMM to show form	Red	Yellow	Green
	I have improved weaker studies to remove inconsistency across my portfolio.			
	I have a range of drawings styles – detailed/sustained/expressive			
	I have my own photographs of my subject matter			
	I have annotated my work well – needs to explain what you have done and why rather than stating the obvious.			
AO4	My final piece clearly relates to my development of ideas and artists' work/style	Red	Yellow	Green
	I created a series of drawings to explore different compositional options prior to creating my final piece.			
	The recording in my final piece is strong.
